A- National Implementation Measures

We would like to point out here that my country, Iraq, has indicated on last article 7 reports that provided 2020 (**The 12th Updated information Report provided in accordance with article 7, paragraph 2 of the Convention on the Prohibition of the Use, Stockpiling, Production and Transfer of Anti-Personnel Mines and on Their Destruction**)

Iraq is in compliance with its obligations under Article 9 of the Convention.

Actions #50 - Oslo Action plan

Regarding action no.(50), Iraq implemented article (9) of convention and presented the sufficient national information, laws and legislations to implement the obligations towards convention.

B-Stockpiled anti-personnel mines:

Actions #14, #15 - Oslo Action plan

According to Article 4 as well as Actions 14 & 15 – Oslo action plan , The republic of Iraq has no Stockpiled anti-personnel mines, As previously reported, the Republic of Iraq completed the destruction of all stockpiled anti-personnel mines that it owned or possessed or that were under its jurisdiction or control and there are no remaining stockpiled mines.

Iraq is in compliance with its obligations under Article 4 of the Convention.

C- Location of Mined Area and IED

C1-1: Location of Mined Area

C1-1-1 : DIRECTORATE FOR MINE ACTION (DMA)

The table (1) below indicates the newly Mined Areas discovered and recorded in database during the period from (1/1/2020) to (31/12/2020) , These areas were discovered as a result of the non-technical survey .

Table 1- (DMA) Locations of mined Area, 1 January-31 December (2020)

No.	RMAC	Province	District	Sub-District	City/Community	Areas	Area Size m ²
1	RMAC-N	Karkuk	Karkuk	Karkuk	Karkuk	HZ-CI-42124	5,584

13	RMAC-S	Missan	Amara	Al-Amara	Abu Ghurab	HZ-SI-9212	7,251
14	RMAC-S	Missan	Amara	Al-Amara	Abu Ghurab	HZ-SI-9276	1,861
15	RMAC-S	Missan	Amara	Al-Amara	Abu Ghurab	HZ-SI-9248	40,632
16	RMAC-S	Missan	Amara	Al-Amara	Al-Battal	HZ-SI-9051	1,278,971
Total							3,551,364

- In RMAC-S (Missan and Basrah provinces) accredited commercial companies discovered new minefields through their works in the oil fields .
- In RMAC-N (Kirkuk and Salah Al-Din) discovered new minefields through NTS .

Map 1- (DMA) Recorded Landmine Contamination

C1-2: Location of IED

C1-2-1: DIRECTORATE OF MINE ACTION AUTHORITY (DMA)

- Action #21 - Oslo Action Plane

According to the States Parties of the Convention and as highlighted in the ICRCs 2019 document, IEDs which fit the definition of an anti-personnel mines - which are indiscriminate and victim activated (pressure plate, trip wire, infrared etc..) - need to be reported as anti-personnel mines of an improvised nature. The Oslo Action Plan also highlights in Action #21 that States Parties affected by anti-personnel mines of an improvised nature will ensure that they apply all provisions and obligations under the Convention to such contamination as they do for all other types of anti-personnel mines, including during survey and clearance in fulfilment of Article 5 and disaggregate by types of mines when reporting in fulfilment of Article 7 obligations.

The table (3) below includes areas affected by IEDs that were discovered and recorded in the IMSMA database during the period (1/1/2020) to (31/12/2020), most of these sites are within the governorates of the Regional Mine Action Centre-North (RMAC-N) and were previously under the control of ISIS gangs.

Table 2-(DMA) Summary of IED locations, 1 January-31 December (2020)

No.	RMAC	Province	District	Sub-District	City/ Community	Count of Areas	Area Size (m ²)

C2-2 : Areas known(CHA) or Suspected(SHA) to contain IEDs

C2-2-1: DIRECTORATE FOR MINE ACTION (DMA)

As of 31 December 2020, there were **975** areas in (under DMA Authority control) known to contain IEDs totalling **(327,937,898)** square metres based on direct evidence and **256** areas suspected to contain IEDs totalling **(265,445,391)** square metres based on indirect evidence.. So **(1,231)** total Areas known or suspected to contain IEDs remain with totalling **(593,383,289)** at 28 districts in six provinces of republic of Iraq (under DMA Authority control) in below , See Annex (3) for complete list of these areas.

Table 5-(DMA) Summaery of areas known or suspected to contain IED

Note : about point no (3) above

By Update NTS , this Areas (minefields) were surveyed and changed to other type of contamination , So thies areas still hazard but the type of hazard changed to battle area According to update NTS result . that mean its will be out of APMBC treaty **(more details as below)**

39,155,145 m2 out of APMBC by update NTS in Basra province

Introduction:

According to our database we are classifying **Shatt Al-Arab district in Basra province** one of highly contaminated area in Iraq due to long war that happened between Iraq and Iran 1980-1988.

In 2013 DMA/RMAC south with all partners in Iraq mine action program conducted NTS for Basra province and according for this survey we recorded a huge, contaminated areas as a mixed between suspected mine field and UXO areas.

In that time NTS procedures didn't allow for NTS teams to enter danger areas to define these areas, after 2018 we developed NMAS that related for NTS and TS and as well as we got additional information from one of accredited companies that they contracted with Basra Oil Company, they worked in oil field very close from area that RMAC south want to conduct and update NTS on it.

Survey and Results:

According to APMBC and Oslo Action Plan to do more efforts to update the information to release area or change status of hazard, RMAC south with Engineering military directorate belong to MOD started long discussion and meeting to put a technical plan for 39,155,145 **m2** to know this area is still mixed or need to change status of hazard, Information management section in RMAC-S and iMMAP prepared all required reports and maps to start this mission.

RMAC south issued a task order (Task **ID SI-MOD -017**) to MOD NTS teams to re-evaluate this area, after finishing this task DMA /RMAC south received all reports from MOD and according to RMAC south QA reports **we didn't find any evidence that there are mine fields in these areas** and RMAC south /IM section reclassified those reports to **15 hazard areas as a Battle Field areas reports contaminated by UXOs only.**

Next steps:

This success experiment urged DMA/RMAC south to do another future plan in Fao district in 2021 hoping to get new information to reduce the huge area of suspected mine field or change hazard status to Battle field areas by updating NTS and TS .

The Map and table as here in below show the 15 hazard areas and all area details after update the NTS reports and the attached below photos showing surveys.

Hazard areas details

Name:	Areas	Area size	Type of Hazard	IM Date
SECTOR 1	HZ-SI-9286	2,692,725	Battel area	30-12-2020

Action 1 - Oslo Action Plan

Regarding the part related to our side action no.(1), our directorate coordinated with the Ministry of Planning to include the concept of mine action and the activities of implementing OTTAWA convention in the national development plans, strategies for reducing the poverty, humanitarian response plans and national strategies to integrate the persons with disability in addition to the great coordination with the highest governmental levels in order to include the activities of mine action within the governmental priorities.

-Action 19 - Oslo Action Plan (Strategic plan)

According to the Oslo Action Plan (Action # 19), the Republic of Iraq has a strategic plan (2017-2021) will ended at end of this year. so

- 1- DMA and IKMAA working by cooperative with other ministry and governmental partnersto and supporting from GICHD and UNMAS to creat new Unice strategyic plan for (2022-2028) in order to be compatable with extension request.
- 2- supporting by ISU and Article 5 committe, DMA and IKMAA working to finish the second update plan of the extension request that will send to Article 5 Committee before MSP 19.

-Action # 3- Oslo Action Plane (Gender and diversity)

according to situation of Corona virus pandemic, this matter made a There were restrictions on all mine action activities as all over the world, there were decrise in gender Unit activity, knwoing that there is cooperation and coordination with UNMAS to put a plan for implemente some activities as following:

- 1- Holding 4 meetings with the gender team in the UNMAS to coordinate the provision of support for a gender unit.
- 2 - three workshops were implemented by Zoom application (online)
 - dialogue and negotiation.
 - leadership and effective management.
 - UN Resolution 1325.
- 3- make online questionnaire for the impact of Coronavirous pendemic on women and published to female employees and some housewives, to know the impact on women from various aspects of life

Action # 5- Oslo Action Plane

as supported by UNMAS , DMA were Update all NMAS standard and procedure according to last update of IMAS through a special committee established to review all NMAS and update it.

Action # 7- Oslo Action Plan

Regarding the action no.(7), the work is ongoing during this year by holding direct meetings with the embassies of state parties of convention in order to make partnerships to support the fulfillment of obligations. The work is underway to complete the legal procedures on signing a memorandum of understanding with the Slovenian Government (state party of convention) to support the obligations implementation

-Action # 9 - Oslo Action Plane (Information Management)

The Planning and Information Management Department / DMA is supported by UNMAS and iMAAP Org. The information management system in Iraq is in constant development with several modern programs linked to the IMSMA system being developed to allow for real-time and efficient data analysis. as follows:

- 1- first time in the world by supporting iMAP, were developed (IMSMang) to working (online) that were shared with RMAC-S to working together (online) to entering all reports for all the activities and works that have been implemented in IMSMA database from any where in the world. this matter made one IMSMA server and make entering and analysis of data so easy, also this matter will make all tools working update.
- 2- Create and using the electronic IMSMA form for VA reports tool to help in receiving the field report of the awareness activity and entering it in a faster and more accurate.
- 3- continuation the Technical Working Group for Information Management (IM-TWG) with the national and international partners. monthly periodic meetings (online) are held to facilitate procedures to them and listen to their challenges that facing in order to solve it.

-Action #26- Oslo Action Plane (DMAs progress in developing national capacity)

Every year , Directorate of Mine Action sets up a flexible annual training plan in order to developing the capabilities of supervision and implementation teams of governmental and non-governmental organizations and companies (national and international) , we coordinated these activities with the Ministry of Defense (Military Engineering Directorate / School of Unexploded Bombs at Basmaya) , the Ministry of Interior (Directorate of Explosives Control / Explosive Control Training Center at al-Madaain) and all partners (governmentatl or non govermintal) .

In additional we held many of training courses implemented by training section for all the implementation partners throughout 2020 in order to updating information, reducing errors and national capacity building in the field by updating specialist information, safety and general protection measures to avoid mistakes and reduce accident rates. see tables (14 ,15 and 16) in below:

D- APMs retained or transferred

According to Article 3

-Action #16 - Oslo Action Plan

The Republic of Iraq retains anti-personnel mines for training mine detection dogs, testing demining machines and studying the effect of the blast of various types of anti-personnel mines on demining equipment at a rate of approximately 20 mines as we mentioned in previous Article 7 reports. Following the 2020 annual review of the number of mines retained, Republic of Iraq has concluded that the number retained mines do not exceed the minimum number absolutely necessary for permitted purposes and we destroyed all APM that discovered or removed by clearance operations

.-Action #17 - Oslo Action Plan

Republic of Iraq is continuation considering alternatives to using live anti-personnel mines for training and research purposes and DMA cooperate with Ministry of Defence in the matter to continue exploring this matter. Republic of Iraq will keep the States Parties updated.

Map 3- Risk Education Activity Conducting in DMA 2020

-Action # 28 – Oslo Action plan

- 1- According to DMA annual plan we Publishing awareness films on TV channels, news headlines and warning messages to citizens, by studying awareness messages and types because the media is very important and it reaches more fastest and largest possible number of people.
- 2- (DMA) is broadcasting educational paragraphs by coordinate with known local Satellite Channels with focusing of contamination type (Type of Hazardous) for each governorate.
- 3 – There are many awareness campaigns, RE activities have been done by national and international partner.
- 4- there are educational and guidance lectures and distribute of publications and awareness posters carrying targeted messages to all The attendees and audiences.

-Action # 29– Oslo Action plan

- 1- Many of EORE campagin to that aim to reduce injuries of mines and ERW by raising awareness and encouraging to change a wrong behavior into safe behavior, by education, training, publishing information , and community communication .
- 2- Providing children's plays aimed to know a safe behavior when there is danger, as well as many NGOs provided awareness programs in camps for the displacement.
- 3- We are involving the gender factor in relation of teams working to deliver Risk Education (RE), especially for communities that have special traditions, as well as targeting all segments and age groups of society (children, adults, males, females, youth ... etc), all groups of society should receive education with a focus on Categories at greatest risk .

-Action # 30 – Oslo Action Plan

- 1-There are intensive awareness campaigns in the areas where injuries and accidents occurred as in Al Muthanna Governorate during the grazing season or during the tourism seasons or holidays in Wassit and missan Governorates. An emergency plan has been drafted for this Governorates due to the increased number of injuries and accidents.
- 2- Iraq were intensifying awareness campaigns to communities during the grazing and transportation seasons and the hunting season as in Samawah Badia for Al-Muthanna Governorate or during the tourism seasons or holidays in Wassit and missan Governorates to reduce the number of injuries and accidents in 2021.

-Action # 31- Oslo Action plan

Directorate for mine action (DMA) works to build capacity of awareness teams and developing their capabilities by holding online workshops especially during coronavirus pandemic.

-Action # 32- Oslo Action Plan

Challenges

- 1- Discoverd of newcontamination areas in liberating areas and in lagacy contamination areas which requires intensifying awareness (EORE) campaigns in these areas as well as the difficulty of access to some areas in sometimes.
- 2- The need to provide educational (EORE) materials that the team is supposed to distribute during their field trips such as (hats, t-shirts, school bags ... etc).
- 3-There are many contaminated area in middle and south of Iraq still need continuing EORE activities for mines and ERW.

Covid 19, pandemic has influenced greatly on the activities that facilitate the accession of the handicapped to the services, due to the lock down measures, yet, MoH and MOLSA, set instructions

to facilitate access to services, in the medical quarantine and vaccination centers, as a governmental measure to deal with the pandemic.

The Victim Assistance Requirements according to the Oslo Action Plane of Ottawa Convention

-Action # 33 - Oslo Action Plan

The commission of the persons with disabilities and special needs, is governmental entity that, represent the integration the victim assistance programs with plans, policies and legal frameworks, in addition to representing the seven disabilities without discrimination, in this body, which sets the general policies for people with disabilities and special needs in Iraq, including victims of mines and explosive remnants of war.

-Action # 34 - Oslo Action Plan

The Enacted Law for the Care of Persons with Disabilities and Special Needs No. 38 of 2013 was legislated to ensure the needs and rights of all persons with disabilities, including victims of mines and explosive remnants of war, throughout national policies and legal frameworks related to disability, health, education, employment and development.

-Action # 35- Oslo Action Plan

Based on the recommendations of the Strategic Approach of Victim Assistance workshop that were held in Baghdad, the VA dep, of DMA, in coordination with the relevant partners in the ministries of health, environment, labor and social affairs represented by the commission of the persons with disability and Special Needs Authority, which is responsible for the disability program in Iraq, for the purpose of preparing a unified national plan that includes the needs and programs of people with disabilities and the role of all supportive bodies that provide their services to people with special needs, as well as the work to create a unified database for the people with disabilities, victims of mines and ERW.

-Action # 36 - Oslo Action Plan

The first aid posts are not available, to meet the emergency medical services near or adjacent to the contaminated and remote areas, but the victim who was injured, transported throughout available means, may be evacuated by his companion with, or present first aid by the organization working near the contaminated areas. Concerning the continuing medical services, the victim has

been received in central hospitals of the contaminated governorate and taken necessary action in connection with the provision of first aid services by emergency section, surgical operations and blood transfusion for victims who has serious case as a result of the injury, after the victim has acquired a degree of full recovery from the injury, he is referred to a rehabilitation center to rehabilitate the victim medically, psychologically, physically, and physical therapy , according to his case, on other hand if the victim is amputated, he will referred by the hospital to the rehabilitation center to rehabilitate the amputated party to fit with the prosthesis and then refer the victim to the prosthesis center, located in the contaminated governorate to provide him with the artificial limbs that he needs to ensure his physical inclusion in society.

-Action # 37- Oslo Action Plan

Ensuring a national referral mechanism to facilitate access to services, is the best solution for accessing services to victims, especially in remote areas, and activating the role of the community rehabilitation unit in each of the disabled rehabilitation centers located in all governorates unfortunately, this unit is not activated due to the obstacles, financial and security situation that encounter Iraq. This unit needs significant financial allocations in terms of logistical support, the allocation of vehicles and specialized cadres, including physicians, researchers, processors, and the provision of especially for logistic preparations.

-Action # 38- Oslo Action Plan

Take steps to ensure access to services, rehabilitation, and psychological rehabilitation services. All of these procedures are taken, within the jurisdiction of the commission of persons with disabilities and Special Needs Authority, which draws out the general policies for people with disabilities and special needs in Iraq, including victims of mines and ERW, through representatives of all partners from ministries and NGOs as well as representatives of the seven disabilities in the authority. The commission has hold Periodical meetings to discuss all issues that are in the concerning the states of persons with disabilities and special needs, including mine victims, and discuss the procedures, to ensure the provision of services.

-Action # 39 - Oslo Action Plan

The commission of persons with Disabilities and Special Needs works to set its utmost efforts to ensure social and economic inclusion and allocate the salaries of a full-time attendant who support the victim with his needs as well as the commission makes its efforts to access the persons with disabilities to education throughout private and inclusive schools and then to institutes and colleges.

The commission has legitimized, in the purpose of integrating people with disabilities and special needs in society, by imposing 5% ratio of disabled workers within the public and private sectors, and all of these issues are guaranteed by Law 38 of 2013.

-Action # 40- Oslo Action Plan

Within the procedures of the departments concerned with disability, and according to Law No. 38 of 2013, the ministries concerned with supporting people with disabilities have initiated specific measures according to their specialization, for example, the Ministry of Transport, allocating private seats in public transport buses, and offer low price of travel ticket on board of Iraqi Airways and trains.

The Ministry of Youth and Sports, establishing special stadiums for athletes with disability for various games and participation in local and international championships in addition to supporting the activities carried out by the Paralympic Committee.

The ministry of labor and social affairs allocate monthly salary for disabled person from the social protection commission and grant soft loans for those who are seeking for jobs where, he/she trained at vocational centers.

The ministry of trade facilitates possessing an adapted car with low price, and there are other services provided by other ministries that fall within the protection and support measures.

-Action # 41- Oslo Action Plan

The representatives of the seven disabilities in the commission, like, audio-visual, petition, short stature, mobility ... etc. They participate periodically in the formulation of policies and decision-making within the Board of commission of, the persons with Disability and special needs.
