

Enablement

Monitoring and Evaluation Goals

Huib Cornielje

5th of December 2012

Goals

- to highlight the importance of continuous monitoring of victim assistance obligations and plans;
- to empower experts to actively engage on monitoring and evaluation by providing the necessary skills and knowledge;
- to demonstrate the benefits of monitoring as a way to gather crucial information for designing, improving and adapting future efforts; and
- to promote evaluation as a process for identifying measures that can be taken to increase effectiveness, efficiency, impact and sustainability.
